ETI CEO to Present at Upcoming Investor Technology Conferences

AUSTIN, Texas — March 5, 2007 — ETI (Evolutionary Technologies International, Inc.), a global provider of data integration solutions, today announced that its CEO, Ron Baker, will be presenting at the 4th Annual Montgomery Technology Conference March 6th-7th at The Fairmont Miramar Hotel in Santa Monica, California. Mr. Baker will also be speaking at Pacific Crest's Second Annual On-Demand Conference on Thursday, March 8, at the St. Regis Hotel in San Francisco.

Each conference gathers together a select group of venture, private equity, public institutional investors and senior technology executives from around the world. The conference agendas include presentations by high-quality private companies, industry-leading public companies, industry keynotes and panels.

About ETI

ETI (Evolutionary Technologies International, Inc.) provides data integration solutions for Global 2000 companies and government IT organizations including clients like AXA, Experian, Gillette, Honda, Société Générale, the U.S. Department of Defense and Washington Mutual. ETI provides software and services that automate the seamless exchange of data between incompatible systems. ETI's Built-to-Order (BTO) Integration generates reusable data services by enabling legacy information for composite applications while leveraging SaaS 2.0 principles. Founded in 1991, ETI is based in Austin, Texas with subsidiaries in Asia and Europe.

Evolutionary Technologies International, the ETI logo, ETI, ETI Solution, iCenter, MetaStore, Dialogue Coach and AnswerLink are trademarks or registered trademarks of Evolutionary Technologies International, Inc. Software and/or information encodings included in ETI Solution are subject to the following U.S. Patent(s): 6,523,172. All other company and product names may be trademarks or registered trademarks of their respective owners.
